

2025 Dividend and Capital Gains Schedule

Below are the scheduled 2025 distributions for the MFS Family of Funds. To receive a distribution payment, shareholders must be registered with a fund by the record date.

After each quarter in which there is a transaction in an account, shareholders receive a confirmation statement report with all distributions declared during the quarter. These statements, which also show the value of the account, are mailed the week following the end of the quarter.

The distribution schedules shown below are subject to change. A fund may not necessarily declare or pay a scheduled distribution.
